

SILVER LAKE MENNONITE CAMP ALGONQUIN 6 NIGHT CANOE TRIP

slmc.ca/camp

JULY 13-21 AGES 13-16

After a day of preparation, campers leave for 6 nights out in beautiful Algonquin Park, putting in at Canoe Lake. After 6 nights out under the stars, seeing wildlife and soaking in creation, the final day is spent at camp debriefing the trip, reflecting on the week and providing feedback about skill development, teamwork and initiative developed over the trip. This trip is perfect for forging new friendships and gaining practical outdoor skills.

Campers learn boat safety, paddling fundamentals and skills. Participants must be confident in the water and pass a swim test. A PFD must be worn at all times when near, on or in the water. Must have previous experience on a minimum 2 night canoe trip. SLMC provides necessary equipment. Silver Lake is proud to teach "no-trace" camping principles.

"I have been in a canoe since I was a baby and have grown up canoeing with family and friends. There is something powerful about being out on the lake that makes it possible to grow through self-reflection."

Devan Flaming

Experienced outtrip leader looking forward to being one of four outstanding staff on this trip.
