MEDICAL INFO:

Please contact camp with any changes in your camper's health and medication between the time of registration and arrival at camp.

As you pack your child's medications, note that all meds should be in original packaging, and prescriptions must be in your child's name. Pharmacy pre-filled blister packs are also an option. Pack meds separately from luggage in a labelled ziplock bag and give to Medic upon arrival.

Please contact camp if your child has any serious allergies (i.e. bees). Campers with such allergies must bring 2 ANA Kits or EpiPens to camp. There are campers and staff at Silver Lake who have life threatening allergies to peanuts and other nut products. **Please note that we are a nut sensitive camp and ask all visitors to not bring nuts, or products containing nuts onto camp property.**

LOST AND FOUND:

Although every effort is made to ensure belongings are collected, children often lose something at camp. **Please ensure all your child's belongings are properly labelled.** Take time before leaving camp to make sure your child has all the items they came to camp with. All items left behind that have been found are displayed at the end of the week for campers and parents to look through. Lost and Found collected at camp is donated to a local thrift store. **DO NOT SEND VALUABLE ITEMS TO CAMP** such as cell phones, jewelry, expensive clothing, expensive gear, etc. *Silver Lake Mennonite Camp is not responsible for lost or stolen items.*

FACILITIES:

Each cabin is supplied with foam mattresses covered with thick vinyl. Close to all units is a small campfire circle and an outdoor privy (kybo) with hand washing facilities. Showers and flush toilets are provided in two central facilities. The majority of the meals are served at/near the main Dining Hall where campers have access to washroom facilities.
